- Fast and easy to install
- Simplifies lawn maintenance
- Flexible 20' lengths can bend to fit any landscape design

Hancor Service: Hancor representatives are committed to providing you with the answers to all your questions, including specifications, installation and more.

EDGE X SPECIFICATIONS

SCOPE

This specification describes 5" x 20' EDGE X for use in lawn edging applications.

PERFORMANCE

Pliable plastic material bends and conforms to a variety of shapes. Durability withstands multiple uses. Bends easily to fit curves and angles.

JOINTS

Joints fit snugly together for a clean fit. Ends are strong and resist chipping and breakage. Each piece requires 1 coupler and 4 galvanized stakes, which are sold separately.

MATERIAL PROPERTIES

Black plastic material blends in with home or commercial landscaping. Sheds water and withstands lawn maintenance damage caused by weed-whackers and lawn mowers.

INSTALLATION

Installation is similar to installing other edging products, requiring tools such as edgers, shovel, mallet, string, rake, etc.

EDGE X SPECIFICATIONS

Style	Description	Specifications	Packaged	Approx. Weight
